Our (very modest) Outreach Proposals on Viral Hepatitis in Africa – in evaluation

- **Mother-to-child transmission of HBV in Guinea-Bissau**

- **Vertical transmission of HBV in Ethiopia**

- **Occult HBV and intrafamilial transmission of HBV in hyperendemic areas of Ethiopia**

- **Currently looking for funding opportunities**
How can we help?

• Information/dissemination activities.
• Identify National contact professionals beyond conventional National institutional structures (PHIs).
• Bridging contacts with National Scientific Societies.
• Helping in developing/expanding outreach programs (i.e. Africa, South America –potential collaboration with PASCV-, etc.).
• Opened to ideas/proposals.
